

Dear friends! We regretfully have to announce the postponement of the upcoming Royal Republic shows set for 2020. Due to the current situation, all shows will be taking place in October/November of 2021. We are all very bummed out about this but the safety of you guys and everyone involved in making these shows happen will have to remain everyones top priority. We promise to make the wait worth while and we can't wait to see You all again!
